It's your friend Navvi-Gator checking in with you to see what's up this summer. Now that school's out, here are some ideas for making the most of your summer.

 **Visit your library.** You'll find great books to read, plus games and videos, too. Libraries have special summer activities for kids, so check it out!

 **Learn something new.**
Ask a grown-up to help you find a class in art, music, science or another area you want to know more about.

Give your time. Ask a family member or trusted adult what jobs need doing or to help you volunteer with a community organization. If you look, you'll likely find a volunteer job that suits you.

 **Earn some cash.** Get permission to ask neighbors if they need help with gardening, lawn mowing or other chores. If your family is having a yard sale, ask if you can sell things you no longer want or use. Be sure to save some of your summer earnings in your Navvi-Gator Super Saver's Club account at Navigator!

 **Have fun.** Run a race, enter a triathlon, catch a fish, make a craft project. Or just spend an afternoon with your friends figuring out cloud pictures.

*Navigator Credit Union
hopes you have a great
summer learning new things
and having fun with your friends!*
