## Ahoy, Kids!

Every penny counts! You have probably heard that saying before. When it comes to saving money, it really is true - every penny that you save adds up, until those pennies turn into dollars. It's almost as if your pennies are growing before your very eyes!

Sometimes learning how to spend less and save more can be a challenge. Many people start a budget to keep track of their hard-earned cash. A budget is just a fancy word for a plan to teach you how to be responsible with your money, even if it's just pennies at first.

Navigator Credit Union is here to help teach you how to watch those pennies and **G-R-O-W** them into dollars! Here are a few simple ways to help:

- ❑ Get an idea of how much money you have and how much you usually

earn by doing things like chores.

- ❑ Record your spending habits by writing down how much you spend and what you spend it on. As you do this, try to figure out ways to save and earn more money, and spend less. Maybe you can earn more by doing extra chores or spend less by buying fewer toys per month.

- ❑ Once a month, visit your local Navigator Branch to deposit your savings into your Navvi-Gator Super Saver's Club account.

When you make a deposit of at least \$5 you'll get an entry to win the Prize-of-the-Quarter so you can save and possibly win a basket of toys too!

Watch your dollars grow as you continue to follow your budget!
